Support for nonnative English speakers

A NEW MODEL FOR LEARNING INTERDISCIPLINARY DESIGN AND CREATION

Five courses taught in Makers Lab by

three teachers:

Architecture & Engineering Law, Public Policy, Urban Planning Principles of Sustainable Design Applied Stagecraft & Construction AR/VR

> Project goal: AFFORDABLE HOUSING IN MARIN

Each course relies heavily on the collaborative input of all groups to successfully complete the final project.

All learning in each course is guided by actual procedures, processes, and tools required by professionals to utilize and build real housing in Marin.

By the end of the course, students will have created drafts and documentation, scale models, and virtual versions of the hypothetical housing project. LAW, PUBLIC POLICY & URBAN PLANNING
