## THE MOD SYSTEM

The CSW calendar year is divided into six, six-week modules in a framework we know as the Mod System. During each mod, students take three blocks of academic classes that meet every day for 90 minutes. No two student schedules are the same!

## PACE: PROMOTING AWARENESS & COMMUNITY ENGAGEMENT

Through the PACE program, we dedicate time for experiential classes meant to help students develop self-awareness, social consciousness, healthy living habits, life skills, and leadership that will serve them into adulthood.

## LOCATION, LOCATION, LOCATION!

While CSW boasts a beautifully serene and safe campus nestled in the woods of Weston, MA, we're also just 12 miles from Cambridge and Boston.

## SOCIAL JUSTICE EMPHASIS

Social justice is a fundamental component of the CSW curriculum. Students regularly explore the histories of non-western cultures or minority groups; study the origins, causes, and effects of discrimination and prejudice; and examine models of social change with the goal of advancing human rights.

## EXPERIENTIAL LEARNING

CSW students connect with course content in personally meaningful ways through lively debate, hands-on experiences, laboratories, studios, rehearsals, service-based learning, collaborative projects and off-campus research.
