

# Oh, the places you'll go!

The remarkable students of the Class of 2025 have truly found their best fits at every kind of college: our seniors applied to and will attend colleges and universities from California to DC, to New England, to Canada, and to France and Scotland. They will be found at women's colleges, and Historic Black Colleges and Universities (HBCUs). They will study STEAM, business, music, fine arts, and the humanities.

The years girls spend at SEM are explorations of literature, science, art, athletics, community, and self; we know they are well-prepared for their futures with the critical reasoning and independent thinking they need to thrive in the global economy.
