### COLLEGE PREPARATION AT LAKE TAHOE

We are accredited by COGNIA, NIPSA, and Middle States Association and have 100% college acceptance. Founded in 1978, Lake Tahoe Preparatory School has helped students reach academic goals for more than forty years. Our close-knit community enhances student success with certified, experienced teachers, and average eight students per summer class. Our curriculum is approved by UC Berkeley, and all credits are transferable.

## LAKE TAHOE & OLYMPIC VALLEY

World-renowned for outdoor recreation and scenic grandeur, Lake Tahoe, California, is an unrivaled summer playground. Students enjoy lake activities, hiking surrounding peaks, cycling on paths near school, and horseback riding, and they are sure to find plenty of fun and adventure.

Nestled in a mountain valley 6 miles (9.5 KM) from Lake Tahoe, Olympic Valley is quiet and safe. Local amenities include the Village at Olympic Valley with shopping and dining. Students and adult leaders ride the aerial tram to 9,000 feet to a swimming pool, a roller rink, paintball, and a disc golf course. Other athletics within 1 mile of the school include tennis courts, pickleball courts, fly fishing, a golf course, and a soccer field next to the school.

## SUMMER WEEKENDS

Weekends are spent exploring the Lake Tahoe region. In addition to outdoor recreation, students also go on excursions to historic Virginia City, take a ride on the MS Dixie paddle boat, and explore the shops, local culture and outdoor community events of Tahoe City and Truckee, California, as well as day trips to Reno and Sacramento.

*Tuition does not include transportation to and from Reno-Tahoe International Airport (RNO).*
