

# BOARDING PROGRAM

## A HOME AWAY FROM HOME

### BUILDING MEN OF CHARACTER

The structured environment of our boarding program is designed to direct, motivate, and support our students. Our campus is a sanctuary, a place for students to focus on learning, growing, and navigating their formative adolescent years.

Our students learn to be confident, independent, responsible, and self-motivated. Living with students from across the nation and around the world also offers wonderful opportunities for boarding students to gain broader perspectives outside the classroom.

### THE COMFORTS OF HOME

Our boarding students live together with their prefects in a community style of living much like that of a large family. Our residence halls have common living spaces, shared recreation areas, and spacious double rooms with their own bathrooms. Students enjoy three hot meals in the school cafeteria on weekdays, and continental breakfast with lunch and dinner in the cafeteria on weekends.

*The dorms are like a brotherhood – everyone opens up to everyone else. You form connections and we all look out for one another.”*

– E. Dangers, Seattle, WA

## FULL DAYS AND FUN WEEKENDS

Weekday schedules accommodate plenty of time for studies, recreation, reflection and yes, even free time. Many boarders participate in athletics and extracurricular activities, so days are full.

Weekend schedules are less structured and can include school athletic events, fun in downtown Bay St. Louis, or off-campus outings like bowling, movies, Top Golf, and time at the beach or on the river. Weekly Mass and Sunday evening study hall round out the week.

## CAMPUS FEATURES

- 4 Residence Halls
- 2 Basketball Gyms
- Outdoor Basketball Courts
- Weight Room
- Tennis Courts
- Swimming Pool
- Recreation Hall
- 1,000 ft. Fishing Pier
- Access to the beach

## RELATIONSHIPS THAT LAST A LIFETIME

Our boarding students learn and grow together, forming bonds that last a lifetime. Students develop self-discipline, personal and mutual respect, honesty, and a concern for the good of the group. The value of their boarding experience carries through the rest of their lives, making them leaders wherever life takes them.
