BOARDING

When MVC opened in 1926, 31 of its 45 students were boarding students. It reflected the school’s desire to provide a good education to students “regardless of whether they lived near or far.” Through the decades, MVC has continued to draw learners from around the world. International and domestic students live, study, and play within a community that provides support and supervision, while fostering independence and preparing them for university life. Our goal is to invite each student into a community they can call home

MONTE VISTA CHRISTIAN OFFERS BOTH 5-DAY AND 7-DAY BOARDING OPTIONS.

Boarding students get to participate in community groups, weekend FAB’s (Fun Activities for Boarders), and dorm traditions such as Christmas parties, Thanksgiving, student cultural celebrations, and monthly birthday celebrations.

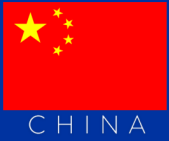

“As a Boarding student at MVC, we create really deep connections with the people who live with us, and they become your **FAMILY** away from family, your **HOME** away from home.”

- MVC Boarding Student
