Beth Moriarty

Head Master

Welcome to Springfield Commonwealth International Summer School (SCISS)!

We are delighted to extend our warmest greetings to you as you embark on this exciting journey with us. As you prepare to join us for an amazing three weeks, we want to assure you that you are about to embark on an enriching and memorable experience. At Springfield Commonwealth International Summer School, our mission is to foster a dynamic learning environment where curiosity thrives, friendships flourish, and personal growth is nurtured. Whether you're joining us to explore new subjects, enhance your skills, or simply make the most of your summer break, we have crafted a program that we believe will exceed your expectations.

Throughout your time with us, you will have the opportunity to engage with passionate instructors who are experts in their fields, participate in hands-on activities that bring learning to life, and connect with peers from diverse backgrounds who share your enthusiasm for knowledge and discovery.

In addition to our academic curriculum, we have curated a range of extracurricular activities designed to complement your learning experience and ensure that your time with us is both fulfilling and enjoyable. From outdoor adventures to creative workshops, there will be something for everyone to enjoy.

As you prepare for your arrival, please take some time to review the enclosed materials, including your schedule, packing list, and any additional information you may need to make the most of your time with us. Should you have any questions or require further assistance, please do not hesitate to reach out to our team. We are here to support you every step of the way.

Once again, welcome to Springfield Commonwealth International Summer School. We are thrilled to have you join us, and we look forward to helping you make the most of your summer!

SESSION 1:

June 29 (Sun) - July 18 (Fri)
Classes Start on June 30

SESSION 2:

July 20 (Sun) - August 8 (Fri)
Classes Start on July 21

PROGRAM OVERVIEW

Daily Schedule and Courses

Each weekday morning, students participate in academic classes of their choice.

Morning Academic Courses Offered:

- Path to Wall St. & Impact Investment (8th+ grade, Session 1 ONLY)

Youth Innovation and Entrepreneurship (Teen Start-up)

Focused on innovation and entrepreneurship, this course will be taught by multiple industry experts and CEOs, guiding students through the design thinking process to identify problems, define solutions, and create a startup business plan from scratch. The 3-week, CEO-led program fosters skill development in teamwork, innovation, creativity, communication, and sustainability.

Students will be able to:

- Apply the design thinking process to solve real-world problems
- Collaborate effectively in diverse teams to develop innovative ideas
- Create a business plan
- Pitch their startup to potential investors
- Public speaking - Build confidence and improve articulation
- Deliver speeches effectively
- Engage with an audience
- Overcome public speaking anxiety
- Study environmental science and sustainability
- Understand environmental issues
- Explore ESG (Environmental, Social, and Governance) practices
- Develop sustainability projects

This program is designed for 6th-grade students and above who have an interest in business and entrepreneurship.

Artificial Intelligence

The Coding and AI program introduces students to computer programming and artificial intelligence. Through hands-on projects, they will learn to code in languages like Python or JavaScript and explore AI concepts such as machine learning and neural networks. The course enhances problem-solving skills and logical thinking, enabling students to develop coding projects and basic AI applications while understanding AI's ethical implications.

This class is designed and instructed by Heads and core professors of Computer Science Department from top universities.

- Introduction to Artificial Intelligence
- Setting Up Python and Writing Simple Code
- Implementing Loops in AI Algorithms
- Decision-Making with If-Conditions
- Understanding Data in AI
- Develop Simple Logistic Regression Classifier
- AI in Natural Language Processing (NLP)
- AI in Decision Trees and Predictions
- Utilizing Loops and Logic in AI Games
- AI in Visual Recognition
- Exploring AI Tools
- Ethical Considerations in AI
- Initiating an AI Project (Proposal Phase)
- Developing an AI Project
- Testing and Debugging
- Project Showcase and Wrap-Up

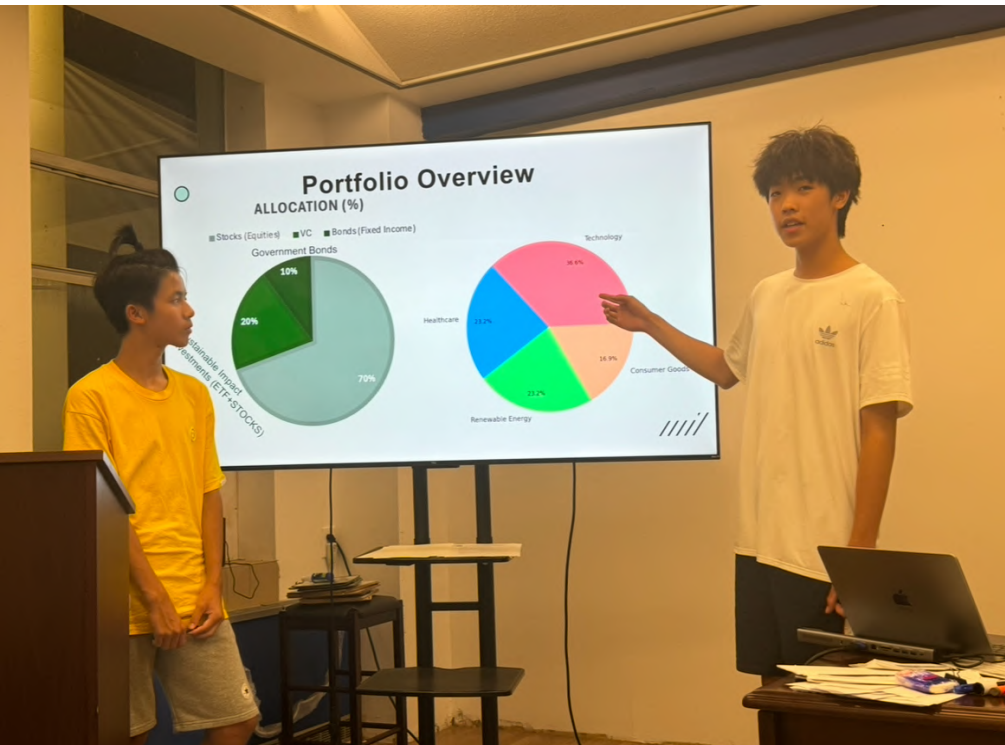

Deano Pape

Curriculum Director, Harvard Summer Debate Workshops
Competition Specialist & Tabroom Administrator, National
Speech & Debate Association (NSDA)

Over 25 years of experience coaching and teaching in speech,
debate, and communication skills development.

Assistant Director of Speech & Debate, Co-Director of Ethics Bowl
Instructor at Simpson College, Indianola, Iowa.

Public Speaking and Debate

The Public Speaking and Debate course is designed to develop students' abilities to articulate their ideas clearly and persuasively in a variety of settings. Through structured practice and constructive feedback, students will learn the fundamentals of effective communication, from crafting compelling speeches to engaging in rigorous debates.

Benefits:

- **Professional Value:** Essential for careers in advocacy, marketing, public relations, management, and leadership. Effective communication can significantly enhance professional success and opportunities.
- **Confidence & Critical Thinking:** Boosts self-assurance, enabling students to speak assertively in various scenarios, and sharpens analytical skills crucial for evaluating information and forming sound arguments.
- **Academic Advantage:** Equips students with skills necessary for excelling in academic presentations, dissertations, and class discussions, fostering a deeper engagement with course material.
- **Negotiation & Mediation:** Prepares students for roles requiring negotiation, mediation, and idea presentation, where persuasion and clarity are key to achieving desired outcomes.
- **Personal Growth:** Encourages personal development by improving interpersonal skills, self-expression, and the ability to articulate thoughts and emotions effectively.

Language Programs

Our comprehensive language programs provide courses in standard test-oriented English, catering to all proficiency levels from beginners to advanced learners. These programs are designed to enhance students' language skills through immersive activities, interactive exercises, and cultural exploration. Each course focuses on developing proficiency in reading, writing, listening, and speaking, ensuring a well-rounded language education tailored to each student's needs.

Level Assessment: At the start of the program, students' proficiency levels are assessed using the IXL learning system, which provides a detailed analysis of their strengths and areas for improvement. This ensures that every student is placed in the most suitable course to maximize their progress.

- Beginners will build foundational skills, including reading, writing, and speaking. Our pure English environment would help beginner-level students to develop daily communication skill.
- Intermediate-level students focus on building fluency and strengthening their grammar, vocabulary, and comprehension skills through ESL system's personalized practice modules. Interactive exercises target key language skills, while immersive group discussions and real-world communication scenarios boost confidence.
- Intensive learners will focus on standard test, including TOEFL, IELTS, AP English, SAT and ACT test preparation. Our English program will focus on mock tests, preparing the advanced students to succeed in standardized test and eventually in college application.

Benefits:

- **Cultural Competence:** Gain insight into the cultures associated with the languages, enhancing global awareness and sensitivity.
- **Professional Edge:** Language proficiency is a valuable asset in today's globalized job market, opening up opportunities in various fields such as business, education, travel, and diplomacy.
- **Cognitive Benefits:** Learning a new language improves memory, problem-solving skills, and cognitive flexibility.

Visual Art

Art classes that develop creativity and technical skills in various visual media. **The visual art class is instructed by local seasoned artists.** Beginners will focus on foundational skills like sketching, shading, and perspective, while advanced students will receive guidance on creating a polished portfolio tailored for college applications.

Highlights:

- Encourages artistic expression
- Develops fine motor skills
- Enhances creativity
- Held in outdoor settings

ELECTIVES

Sports

- Rowing
- Basketball
- Golf
- Fencing
- Soccer
- Archery

Highlights:

- Develops Athletic Skills
- Encourages Teamwork
- Enhances Strategic Thinking

Hip-hop Dancing and Fitness Training

Focused on physical coordination, building strength, endurance, and overall health through various exercises.

Highlights:

- Improves physical health
- Boosts energy and endurance
- Promotes healthy habits

ACTIVITIES

Friday Night Activities

Every Friday night, students will participate in different social activities, including Talent Show, DJ live house dancing, and Camp Formal GALA.

Highlights:

- Improves Social Skills
- Making Friends
- Enjoy, Relax, and have Fun!

ACTIVITIES AND SOCIAL EVENTS AT SCISS

A detailed look at the various activities and social events designed to create an engaging and memorable camp experience for all students.

Social Events

- **Evening Activities:** Each evening, students can participate in a variety of fun and engaging activities. Whether it's movie nights under the stars, competitive game nights, or talent shows, there's always something exciting happening.
- **Weekend Activities:** Weekends at SCISS are packed with special events and themed parties that bring everyone together. From cultural nights where students showcase their heritage to festive celebrations and creative workshops, weekends are designed to foster a sense of community and belonging.
- **Themed Parties:** Our themed parties are a highlight of the summer. Students dress up, dance, and enjoy the vibrant atmosphere. Themes vary each week, ensuring there's always something new to look forward to.
- **Talent Shows:** Talent shows offer students a chance to shine. Whether it's singing, dancing, magic tricks, or other unique talents, students can showcase their skills and cheer on their friends.
- **Games and Competitions:** Friendly competitions and games are a great way to bond and build teamwork skills. Activities like scavenger hunts, trivia nights, and sports tournaments keep the spirit of fun and camaraderie alive.

- **Cultural Nights:** Cultural exchange
- **Evening Programs:** Movies, campfires, socializing

Field Trips

Field Trips

At SCISS, we offer a range of exciting excursions designed to provide students with unique experiences and valuable learning opportunities. Our trips to Boston, New York, and Yale combine educational insights, cultural exposure, and fun activities, ensuring a well-rounded and memorable experience for all participants.

Boston Trip (Harvard & MIT, Full Day)

A visit to Boston combined with a tour of Harvard University and MIT offers students a unique opportunity to explore one of America's most historic and culturally rich cities while experiencing the prestigious academic environment of two of the world's leading universities.

Yale Trip (Half Day)

A half-day excursion to Yale University offers students a glimpse into the life and environment of one of America's most prestigious academic institutions.

Six Flag Amusement Park (Full day)

Enjoy a full day of excitement at Six Flags Amusement Park, filled with thrilling rides, attractions, and unforgettable fun for students to unwind and bond with their peers.

Other Historical Sites and Museums:

- Wood Museum of Springfield History
- Dr. Seuss National Memorial Sculpture Garden
- Michele and Donald D'Amour Museum of Fine Arts
- George Walter Vincent Smith Art Museum
- Smith College Museum of Art
- Springfield Armory National Historic Site
- Basketball Hall of Fame

Springfield: The Birthplace of Basketball

Naismith Memorial Basketball Hall of Fame

Springfield, known as the birthplace of basketball, holds a special place in the history of the sport. As a school located in this historic city, SCA takes immense pride in our basketball team, which embodies the spirit and legacy of the game. Our team not only represents our school but also carries forward the rich tradition of excellence that began right here in Springfield, the home of basketball.

Springfield is home to the Naismith Memorial Basketball Hall of Fame, which celebrates the legacy of the sport and honors its greatest players, coaches, referees, and contributors.

Visitors can explore interactive exhibits, historical memorabilia, and engaging displays that showcase the evolution of basketball from its invention by Dr. James Naismith in 1891 to the global phenomenon it is today. With its iconic basketball-shaped dome, the Hall of Fame offers an inspiring experience that pays tribute to the sport's rich history and its impact on culture and society.

Credit Recovery

The Credit Recovery Program at SCA provides personalized support to help students recover credits, boost their confidence, and ensure academic success.

Program Overview

- Purpose: Helps students catch up on missed credits and stay on track for graduation.
- Subjects Covered: Core subjects like Math, Science, English, and History.
- Flexible Learning: Tailored to individual student needs with one-on-one tutoring and small group classes.

Key Features

- Personalized Plans: Customized study plans to address specific academic gaps.
- Experienced Tutors: Qualified instructors dedicated to student success.
- Supportive Environment: Encourages a positive attitude towards learning and improvement.

Benefits

- Academic Success: Ensures students meet graduation requirements.
- Confidence Boost: Helps build academic confidence and skills.
- Future Preparedness: Prepares students for future educational endeavors.

School Accreditation:

National Honor Society (NHS)
National Junior Honor Society (NJSHS)
New England Association of Schools
and Colleges (NEASC)
