"At Cranbrook, I learned skills beyond those taught in the classroom. I learned how to collaborate with my peers and build strong connections that I know will last a lifetime. I felt so prepared for college after Cranbrook's rigorous curriculum and committed teaching staff." - A Recent Graduate

Cranbrook's college counseling program supports the school's college preparatory mission through a comprehensive curriculum and individual support for students and families.

- Guided by their advisors, ninth graders begin to develop the skills necessary to make the most of their upper school careers, both in and outside of the classroom.
- As they enter tenth grade, students are paired with their college counselors, who work one-on-one with them through the rest of their upper school years. They also complete a self-paced online series of short exercises that prepares them for the college search and selection process.
- Eleventh graders have the opportunity to meet with the 100+ college admissions representatives who visit Cranbrook each year. They also learn about the college admissions process through a case study program in which they participate as college admissions officers.
- During the summer before twelfth grade, students begin work on their college applications with the guidance of the college counselors, who assist them one-on-one with everything from finalizing their college list to crafting their application essays.

“The depth and breadth of the Cranbrook Kingswood curriculum, both Interdisciplinary and AP, is at a level of content and challenge that far exceeds most secondary school opportunities. The challenge, the nature of the instruction, and the engagement in active learning is unique, and the rigor prepares a student for a highly selective collegiate experience and beyond.” - Sherryl Fletcher, former Senior Associate Director of Admissions at Johns Hopkins University

Advanced Placement Scores

3 or higher

**Unlike most schools, Cranbrook requires all students enrolled in an AP course to take the exam.*

Mission

Cranbrook Schools prepares students to thrive in and shape a complex world. A community that values diversity and inclusion, we cultivate wonder and, through our comprehensive programs and world-class campus, create opportunity for intellectual, creative, and athletic excellence, personal well-being, and social accountability. We nurture and challenge, inspire and empower students to be caring, passionate, and purposeful.

Challenging and Comprehensive College Preparation

Cranbrook Educational Community admits students and makes its services, activities, and education programs available to students without regard to sex, race, color, creed, religion, national or ethnic origin, disability, sexual orientation, or any other protected status as required by state or federal law.
