# WHAT WILL YOU UNCOVER?

At Perkiomen School  
we uncover possibilities  
because

OUR COMMUNITY IS  
**A CELEBRATION  
OF INDIVIDUALS**

OUR SPACE IS  
**TRANSFORMATIVE  
BY DESIGN**

OUR IMPACT IS  
**FOCUSED ON

Perkiomen doesn't  
make you who you are,  
it is the place where you  
**become who you  
are meant to be.**

There's not a mold to fit.

It's a place where your  
individual  
defining qualities  
are cultivated,  
nurtured,  
and applied  
in the right way.

**THAT'S WHAT  
HAPPENS HERE.**

- Liam Brassington '19

Like our motto of  
**Solvitur Vivendo,**  
"it is solved  
through living,"  
we know that  
**experience**  
is the best teacher  
and that the  
**challenges of life**  
can only be solved by

**digging in,  
taking part,  
and pushing  
through.**

**find your  
path**

# A CELEBRATION OF INDIVIDUALS

Perkiomen School is home to students from 22 countries and 9 states, creating a global community on campus that spreads throughout the world upon graduation. When we arrive at Perkiomen, we may speak differently, see things differently, and learn differently, but when we come together, our personal journeys pave the path to uncovering who we are meant to be.

## Celebrating Our Differences

At Perkiomen, our differences aren't just affirmed, they're celebrated and cultivated.

## Fostering Self-Knowledge

Our supportive environment enables our students to discover what they need to thrive, become stronger self-advocates, stand up for their beliefs, and envision their futures.

## Participation Required

Our students are empowered to make positive change and try new things, actively engaging in our community.

Art is a universal language through which we all can make dynamic, life-changing connections.

Student participation is always rooted in choice. Options in the arts provide students the possibilities to uncover a talent, build skills and confidence, and create something new.

# TRANSFORMATIVE BY DESIGN

What possibilities are out there? Where do we find the capacity to contribute? How do we show grit, and resilience, and the confidence to speak up?

At Perkiomen School, students ask themselves these questions and more. They start this journey and don't look back. By choosing Perkiomen, you are going to a place where you will have a deeper knowledge of yourself, and the world. You will embark on the ultimate challenge, by showing up, solving problems, and then, leading others.

## Small Size = Big Support

Our faculty-to-student ratio and an advisory program facilitate meaningful mentorships that encourage engagement and support individual ambitions.

## Moments of Joy

Perkiomen is a place where people feel safe and loved. We delight in delighting each other because we know that every small act of kindness builds a stronger culture of gratitude and joy.

## Space for Innovation

Purposely dedicated to next-generation technology and its applications, our Institutes spark us to think deeply about the future of Entrepreneurship, Medicine, and Artificial Intelligence.

# THE INSTITUTES at PERKIOMEN SCHOOL

Artificial Intelligence | Entrepreneur | Medical

“The Institute Model that Perkiomen has pioneered is built to move education from a reactive, industrialized model to one that is considering the context of 2030, 2040, and beyond.

**Student-directed, application-based, authentic learning**

heightens engagement and brings the very purpose of education into the forefront of the experience. Our goal is for students to undergo a growth process by which their world-view evolves.”

“Choosing to come to  
Perkiomen for a  
post-graduate year was  
one of the  
  
greatest and  
most impactful  
decisions of my life.

The teachers are

## FOCUSED ON THE FUTURE

Perkiomen School is moving forward, leading and challenging our students to build competency and confidence. More than ever, today's students need to be lifelong learners with strong core skills like adaptability, creativity, and the ability to recognize opportunities. Our on-campus Innovation Center and off-site experience partners provide the spaces and places for student discovery. Our future-focused education model is the evolution of our school mission – to inspire students to risk becoming their best – and a launch point to apply their knowledge to both solve problems and add value in today's changing world.

### Life Beyond the Classroom

We are a place of immersive, 360° education where students learn how to program a robot while also learning what it means to be a good human.

### Hands-On Investigation

At Perkiomen, hands-on learning isn't confined to a few field trips per year. The spirit of exploration is infused into every lesson, and each student finds their own path towards mastery.

### Evolving Education

Merging liberal arts with our student-centered approach, we expand and innovate education for the 21st century. Students create their academic paths with 145 courses of study and 30 AP® classes, providing preparation for university and beyond.

# UNCOVER

Boarding school offers learning in and out of the classroom, and beyond the bell, where students develop independence, empathy, and self-discipline. Having a 24/7 community of friends and mentors promotes camaraderie and confidence. Day students also benefit, as our participatory culture welcomes all our students to join in on weekend activities, evening events, and family-style dinners.
