### NEW STEAM COURSES

Saint Thomas Aquinas has refreshed many of its courses to focus on a STEAM curriculum - the integration of Science, Technology, Engineering, Arts, and Math. New for the 2018-19 school year are offerings including a lab-based Biotechnology course, increased technology use in all science classes, computer software incorporated into Geometry courses, and more. The new Introduction to Digital and Fine Arts course will be offered for Fall 2018, with additional new arts and technology courses to come in 2019-20.

<sup>6</sup> Support Level 1 schedules will include electives and/or other content classes in place of Academic Fluency.

<sup>7</sup> A period during which students will assemble, meet with their advisory, participate in a club, or enjoy a guest speaker during a set schedule.
