

# WHY BROOK HILL?

At Brook Hill, our goal is that every student who walks the halls will become a better learner, leader, listener, problem-solver, and friend. Students are given the opportunity to excel academically, mature spiritually, and engage globally. Brook Hill's hope is that all students will leave our school knowing their full potential and entering college as confident men and women of Christ-like character.

## OUR MISSION

The Brook Hill School provides excellence in college preparatory education, affirms the gifts and challenges the potential of each student, and encourages students to honor God through Christ-like character.

## OUR VISION

The Brook Hill School is committed to training students to be confident in both their faith and their education. A Brook Hill education prepares them to read insightfully, think critically, solve problems logically, and communicate effectively within the framework of a Biblical worldview. Brook Hill students are encouraged to discuss ideas with genuine intellectual inquiry and Christian charity. A Brook Hill foundation equips them to make good decisions, grounded in the faith; to face the challenges of the real world, without being sheltered from them; and to impact others for God's glory.
